

A state-wide program to support Hawaiian charter schools.

The brief.

Education Changemakers was approached by the Hawaii State Public Charter Schools Commission to run a leadership and change management program for their school leaders.

What we did.

We worked in partnership with the Commission to adapt our Change Leader offering to create a tailored professional development program. With schools involved from across Hawaii, EC ran PD workshops in Honolulu and Hilo, with ongoing personalised support for each team across the year. The goal of the program was to support the schools to develop and drive their new school improvement strategies and focus new funding initiatives.

12

school leadership teams took part in the year long program.

100%

schools were able to define their new strategies.
