

# A state-wide program to equip Tasmania's emerging school leaders.

## The brief.

Education Changemakers was tasked by Tasmania's Professional Learning Institute (PLI) to run a number of education leadership programs across the state.

## What we did.

We worked in partnership with PLI to customise several programs for the state of Tasmania. Across several years this has seen us year long running programs for emerging leaders, middle leaders and school leadership teams. In addition programs have been run with instructional coaches to support adult learning across the education department. Workshops have been run digitally when required and in Hobart and Launceston when possible.

240+

educators have been through EC programs in Tasmania.

100%

of alumni recommend that their peers should also take part in the programs.
